

Cooking Courses

A culinary know-how

Lately, we have witnessed a **genuine enthusiasm for cooking**; an increasing number of individuals wish to discover or re-discover culinary know-how.

Chateau Gruaud Larose is giving you that opportunity by **inviting you into the heart of the local gastronomy** for half a day.

In the presence of a **passionate cook you will partake** in the elaboration of a menu while learning some of the cooking techniques and tips.

To crown the morning's work, the participants will gather around a table in the **chateau's lounge** to savour their creations. The lunch is **accompanied by our selected wines**.

Gourmet greetings...
