

Secrets of a terroir

Great Wine starts with great Grapes

Château Gruaud Larose invites you to unveil the secrets of its terroir.

Over the paths of Napoleon, you will **hike** through the property's grounds discovering its history and the work of Man in tune with his environment.

You will wander through the **vineyard rows** and learn about our viticultural techniques, including composting, green work, and plant protection.

This **walk** will allow you to **connect with nature**, to see, touch, and experience our environment, helping you better understand the formation of the Médoc and its **ecosystem**.

In this **pastoral setting**, you will admire the richness of the land, from vineyards to marshes, and discover the local **biodiversity**.

You will then explore our facilities : the weather station, the Anti-Hail Cannon, the Orchards, and the Beehives...

You will also have the opportunity to learn about our innovative environmental practices, including : **agroecology, organic farming, and biodynamic methods**.

The tour concludes with a visit to the cellars and a tasting of our products : three wines paired with chocolates.
